

# FACT SHEET

## BUILDING AND GROUNDS

This sheet will help you to understand how the money that is given to Buildings and Grounds is used. The following are just a few of the things that are paid for out of the money.

- Routine maintenance such as light bulbs, paper supplies, cleaning supplies, major cleaning 2x's a year, pest control, lawn mowing and snow removal.
- Painting and repairs at both the church and the parsonage
- Roof repair, upgrades to building inside and out.
- Repairs to the parsonage.

Some things that the church has had done recently to the church:

New Roof

Painting of the Bell Tower

New lighting throughout the church (all energy efficient)

New lock on the basement door

Mowing and lawn care

Trimming around the church and parsonage

Tree removal and new tree planted

Boiler Repair

Exit Lights/Emergency Lights

Sump Pump

Things that have been done recently to the parsonage

Sewer line cleaned out

New Roof

Electrical work

Water heater

Sump pump

Painting

Air conditioner

Floor refinished

Are there things that need to be done? Yes, but currently the funds in this account are going down and we need to work on building up the account. With your help we can add to the fund. We need to do this without taking from our Current Expense account. Please consider helping us to continue to grow the fund so that the proper maintenance on our two buildings can continue

Thank you for your help!

All money not designated goes to Current Expense
